

TRANSLATION CAMPAIGN

Donate to Help Translate *Run Baby Run*

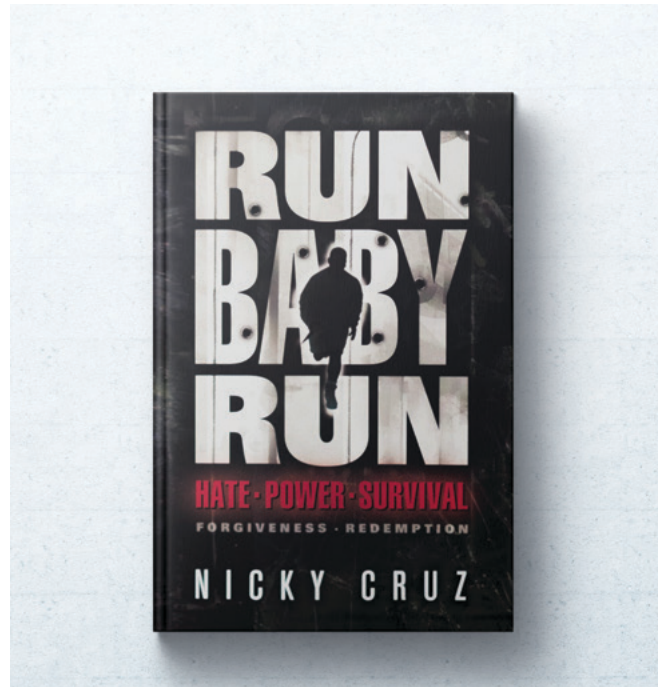

Late in 2013, we had the opportunity to begin translating Nicky's autobiography, *Run Baby Run*, into 5 new languages - Armenian, Georgian, Farsi, Arabic and Turkish. The Armenian and Georgian versions are finished and thousands of free copies have been distributed for evangelism. The Farsi version is near completion. These areas of the world are in extreme need of the Gospel message of Jesus.

As you probably are aware, these areas are in extreme need of the Gospel message of Jesus. With the increasing political tensions in this region, the doors of ministry could close at any time to the West. Nicky has a great burden to preach in these nations. Armenia, for example, is a nation that is surrounded by many hostile Muslim countries, as well as by Russia, which has a military base on Armenian soil.

A Troubled History

Armenia was the first nation to adopt Christianity as its official religion in the early 300s. It has survived invasions, hostile takeovers, communism, and a genocide at the hands of the Turks from 1896-1915. Over 1.2 million Armenians were brutally tortured and slaughtered. We are going to minister to the children and grandchildren of the survivors.

The cost for the entire project - 5 languages, 10,000 copies in each language - will approach \$100,000. We currently have raised \$20,000. An additional \$15,000 will get 2000 copies of the Farsi version - which includes the Book of John and a section on Steps to Salvation - plus get us started with the Arabic translation. As more funds come in, we will pursue the Turkish version. Then, God willing, we will get these vital resources distributed in these Muslim areas in partnership with their underground churches there.

This is an amazing opportunity that will have an eternal impact. God continues to use this testimony to reach untold thousands around the world each year. Please consider investing in this project. Thanks for considering this powerful and strategic mission effort.

Testimonies

“I wish I had hundreds of these books to just give out to friends, relatives and neighbors; this can really revolutionize lives of many. Sometimes we Christians create powerful weapons against the darkness only to put them on our bookshelves. This is what the Lord has done; I trust it will have huge impact.”

Armenian Translator of *Run Baby Run*

“Oh, how timely this book is! We need it so badly to reach those who are in prisons and those who are already out. I believe that having read this book, the young people who live according to the world's cruel criminal laws today, will be filled with the fear of the Lord and will make a decision to sanctify themselves.”
